

## 8kg Heat pump dryer

Type : SDR8P

Model : SDR8P

A++

### Main features

- Heat pump technology with R290 GAS with zero environmental impact
- PSC motor
-  Delayed start ( 1 - 24 hours)
-  Easy Iron: softens and facilitates ironing
-  Wardrobe: ready to be stored in the closet
-  **Extra** Extremely dry: ready to be worn
-  Reverse rotation
-  Half load
-  Timed drying
- Led lighting

### Technical data

- Type of product: Stand alone
- EAN code: 8033675154008
- Product dimension: 596 x 630 x 840mm
- Dimensions with packaging: 645 x 673 x 884 mm
- Net Weight: 57kg
- Type of refrigerant: R290
- Amount of refrigerant: 150 g
- Nominal electrical connection data: 600 W
- Current: 10A
- Voltage: 220 - 240V
- Frequency: 50Hz
- Approval certification: VDE
- Door reversibility: Yes
- Drum volume (liters): 102 lt
- Door opening angle: 180°
- Drum diameter: 575 mm
- Nominal cotton capacity\*: 8 kg
- Energy efficiency\*: A ++
- Electric consumption at full load\*: 1.67 kW
- Electric consumption at partial load\*: 1.00 kW
- Standard cotton programme time at full load\*: 172 m
- Weighted energy consumption\*: 208 kWh / annum
- Weighted programme time: 172 min.
- Condensation efficiency at full load \*\*: 89.4%
- Condensation efficiency at half load \*\*: 92.3%
- Condensation efficiency class: A

### Control panel

- Interface with digit display
-  Full condensation tank indicator
-    Programme progress phase
-  Filter cleaning indicator
-  End of drying acoustic signal

### Safety

-  Child safety

\* Data relating to 2010/30 / EC regulation

\*\* Average values of various programmes

## Drying programmes

- 1- Cotton
- 2 - Intensive (Eco Dry)
- 3 - Synthetic
- 4 - Rapid
- 5 - Shirt
- 6 - Towels
- 7 - Jeans/Coloured
- 8 - Duvet
- 9 - Sport/Fitness
- 10 - Delicate
- 11 - Bed Sheet
- 12 - Wool
- 13 - Mixed
- 14 - Ambient air
- 15 - Hot air

## Consumption data

- Energy efficiency class<sup>1</sup>: A++
- Energy<sup>2</sup>: 224 kWh/annum
- Nominal load capacity: 8 Kg
- Programme duration<sup>3</sup>: 172 min./cycle
- Airborne noise emission: 65 dB
- Condensation efficiency class<sup>4</sup>: A
- Condensation efficiency<sup>5</sup>: 92.3 %

<sup>1</sup> On energy efficiency classes table from A+++ to D.

<sup>2</sup> Annual energy consumption in kWh, based on 160 cycles of drying with cotton dry programme (cupboard) fully load and part load, and in low power mode.

<sup>3</sup> Duration of the Dry Cotton programme (cupboard) at full load.

<sup>4</sup> On condensation efficiency class table from A to G.

<sup>5</sup> Condensation efficiency weighted with dry cotton programme (cupboard) at full load and at partial load.
