

9kg Heat pump dryer  
 Type : SDR9P  
 Model : SDR9P

A++

## Main features

- Heat pump technology with R290 GAS with zero environmental impact
- PSC motor
-  Delayed start ( 1 - 24 hours)
-  Easy Iron: softens and facilitates ironing
-  Wardrobe: ready to be stored in the closet
-  **Extra** Extremely dry: ready to be worn
-  Reverse rotation
-  Half load
-  Timed drying
- Led lighting

## Technical data

Type of product: Stand alone  
 EAN code: 8033675154015  
 Product dimension: 596 x 630 x 840mm  
 Dimensions with packaging: 645 x 673 x 884 mm  
 Net Weight: 57kg  
 Type of refrigerant: R290  
 Amount of refrigerant: 150 g  
 Nominal electrical connection data: 600 W  
 Current: 10A  
 Voltage: 220 - 240V  
 Frequency: 50Hz  
 Approval certification: VDE  
 Door reversibility: Yes  
 Drum volume (liters): 112 lt  
 Door opening angle: 180°  
 Drum diameter: 575 mm  
 Nominal cotton capacity\*: 9 kg  
 Energy efficiency\*: A ++  
 Electric consumption at full load\*: 1.98 kW  
 Electric consumption at partial load\*: 1.08 kW  
 Standard cotton programme time at full load\*: 200 m  
 Weighted energy consumption\*: 237 kWh / annum  
 Weighted programme time: 153 min.  
 Condensation efficiency at full load \*\*: 89.9%  
 Condensation efficiency at half load \*\*: 91.6%  
 Condensation efficiency class: A

## Control panel

- Interface with digit display
-  Full condensation tank indicator
-    Programme progress phase
-  Filter cleaning indicator
-  End of drying acoustic signal

## Safety

-  Child safety

\* Data relating to 2010/30 / EC regulation  
 \*\* Average values of various programmes

## Drying programmes

- 1- Cotton
- 2 - Intensive (Eco Dry)
- 3 - Synthetic
- 4 - Rapid
- 5 - Shirt
- 6 - Towels
- 7 - Jeans/Coloured
- 8 - Duvet
- 9 - Sport/Fitness
- 10 - Delicate
- 11 - Bed Sheet
- 12 - Wool
- 13 - Mixed
- 14 - Ambient air
- 15 - Hot air

## Consumption data

- Energy efficiency class<sup>1</sup>: A+++
- Energy<sup>2</sup>: 237 kWh/annum
- Nominal load capacity: 9 Kg
- Programme duration<sup>3</sup>: 237 min./cycle
- Airborne noise emission: 63.5 dB
- Condensation efficiency class<sup>4</sup>: A
- Condensation efficiency<sup>5</sup>: 91.6 %

<sup>1</sup> On energy efficiency classes table from A+++ to D.

<sup>2</sup> Annual energy consumption in kWh, based on 160 cycles of drying with cotton dry programme (cupboard) fully load and part load, and in low power mode.

<sup>3</sup> Duration of the Dry Cotton programme (cupboard) at full load.

<sup>4</sup> On condensation efficiency class table from A to G.

<sup>5</sup> Condensation efficiency weighted with dry cotton programme (cupboard) at full load and at partial load.
